

Tilal Utique is a pioneering cultural sanctuary where art, nature, and human thought converge. Nestled between Tunis and Bizerte, within the historic landscape of ancient Utica, it is the latest creation of the Kamel Lazaar Foundation and a philanthropic gift from its founder, Mr. Kamel Lazaar, to his ancestral homeland, Tunisia, and to the African continent as a whole.

Here, every stone, every olive tree, and every ray of sunlight enters into dialogue with creativity. Tilal Utique is a space where imagination and environment meet in harmony, inviting artists, thinkers, and cultural practitioners to slow down, observe, and create in deep connection with their surroundings.
